

DIGITAL QUANTUM ASSOCIATION

D Q A

Real World Assets

WELLNESS REIMAGINED

INTRO

Digital Quantum Association (**DQA**) is not a typical Cryptocurrency or Blockchain project.

We are an **RWA** Med-Tech, Holistic initiative, which focuses on Real-World Assets (RWA) in the Medical Technology (**Med-Tech**) sector, and taking a comprehensive or “Holistic” approach.

Demo: The Dawn of a New Healthcare Era

DQA is an **Ecosystem** that highlights the strong interconnectivity among its diverse **Team**, which includes companies, foundations, doctors, medical cannabis specialists, therapists, clinics, researchers, scientists, suppliers, distributors, manufacturers, retailers, and angel investors.

The Dawn of a New Healthcare Era

VISION

Our vision is grounded in the belief that **High-Quality Healthcare** should be accessible to everyone, seamlessly integrating the strengths of conventional medicine with innovative, plant-based treatments.

DIGITAL QUANTUM ASSOCIATION

www.DQA.Group

MISSION

DQA's mission is to build a **Healthcare Ecosystem** that breaks down traditional barriers, giving patients more control over their health data and treatment choices.

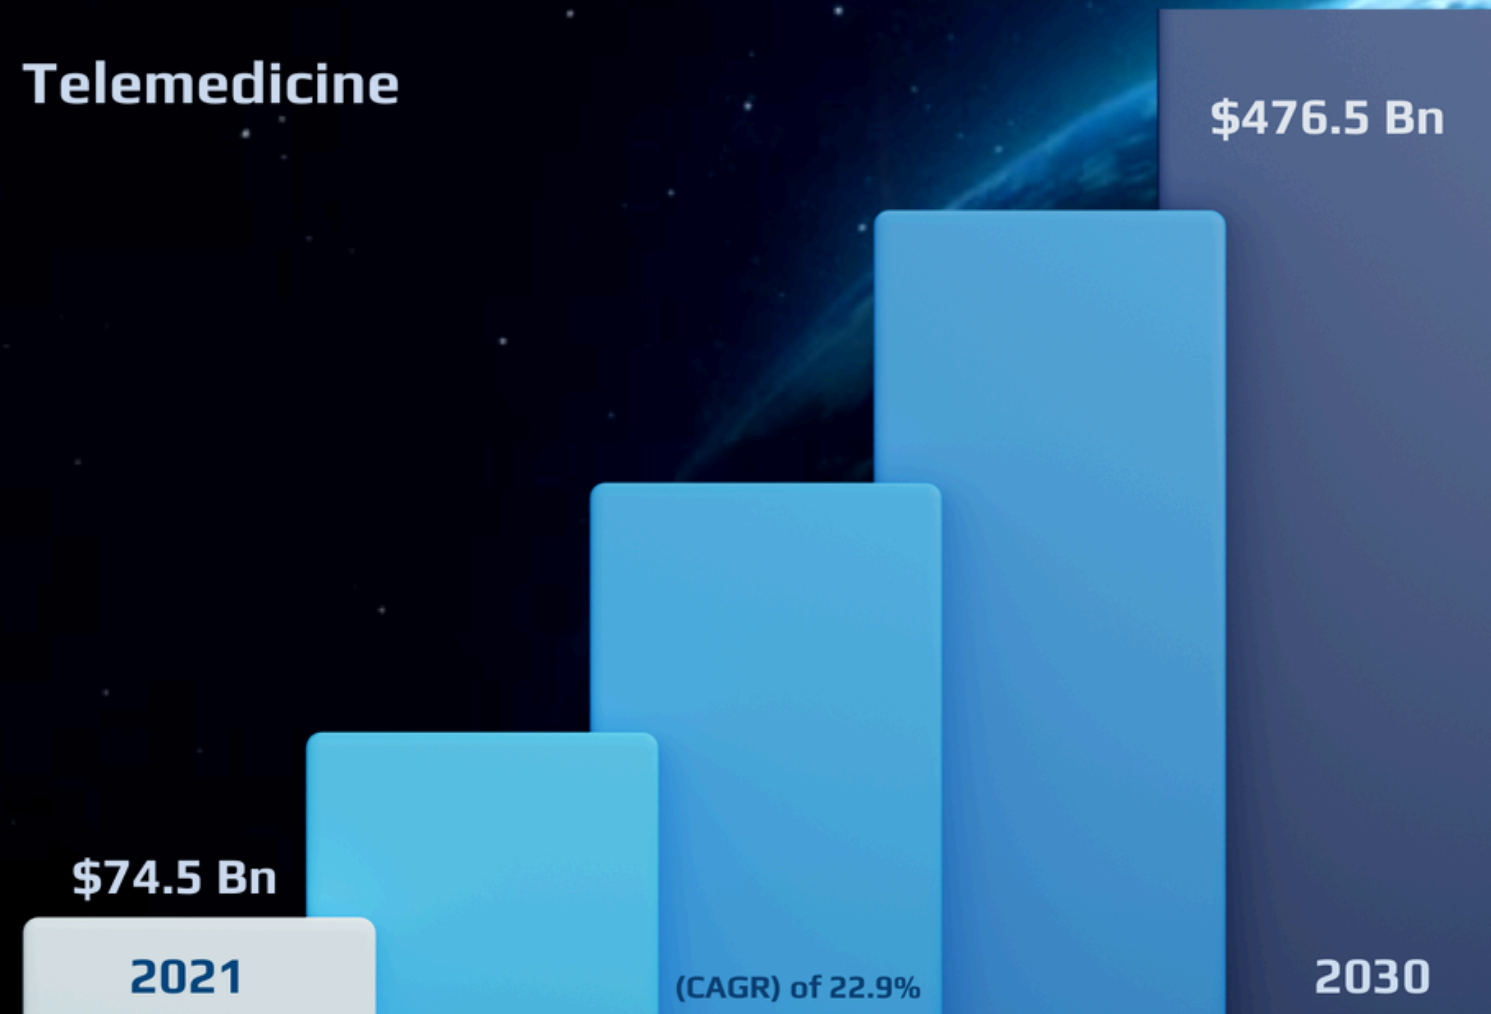

At the same time, we equip healthcare professionals with the tools they need to deliver more effective and personalized care.

By harnessing the potential of **Blockchain Technology** and **Tokenization**, we address persistent challenges in healthcare, such as fragmented patient data and limited access to quality care, particularly in remote areas.

MARKET

Telemedicine

Global Market Projection

The worldwide telemedicine market, valued at **\$74.5 billion** in **2021**, is projected to grow to **\$476.5 billion** by **2030**, driven by a robust CAGR of 22.9%.

DQA's Strategic Vision

At DQA, we are ready to lead in the rapidly expanding telemedicine market, capitalizing on significant growth opportunities.

As the market evolves, DQA remains committed to providing personalized care solutions and promoting healthy living through our innovative Token Ecosystem, positioning ourselves as a pivotal force in the future of healthcare.

Telemedicine and Accessible Care

MARKET

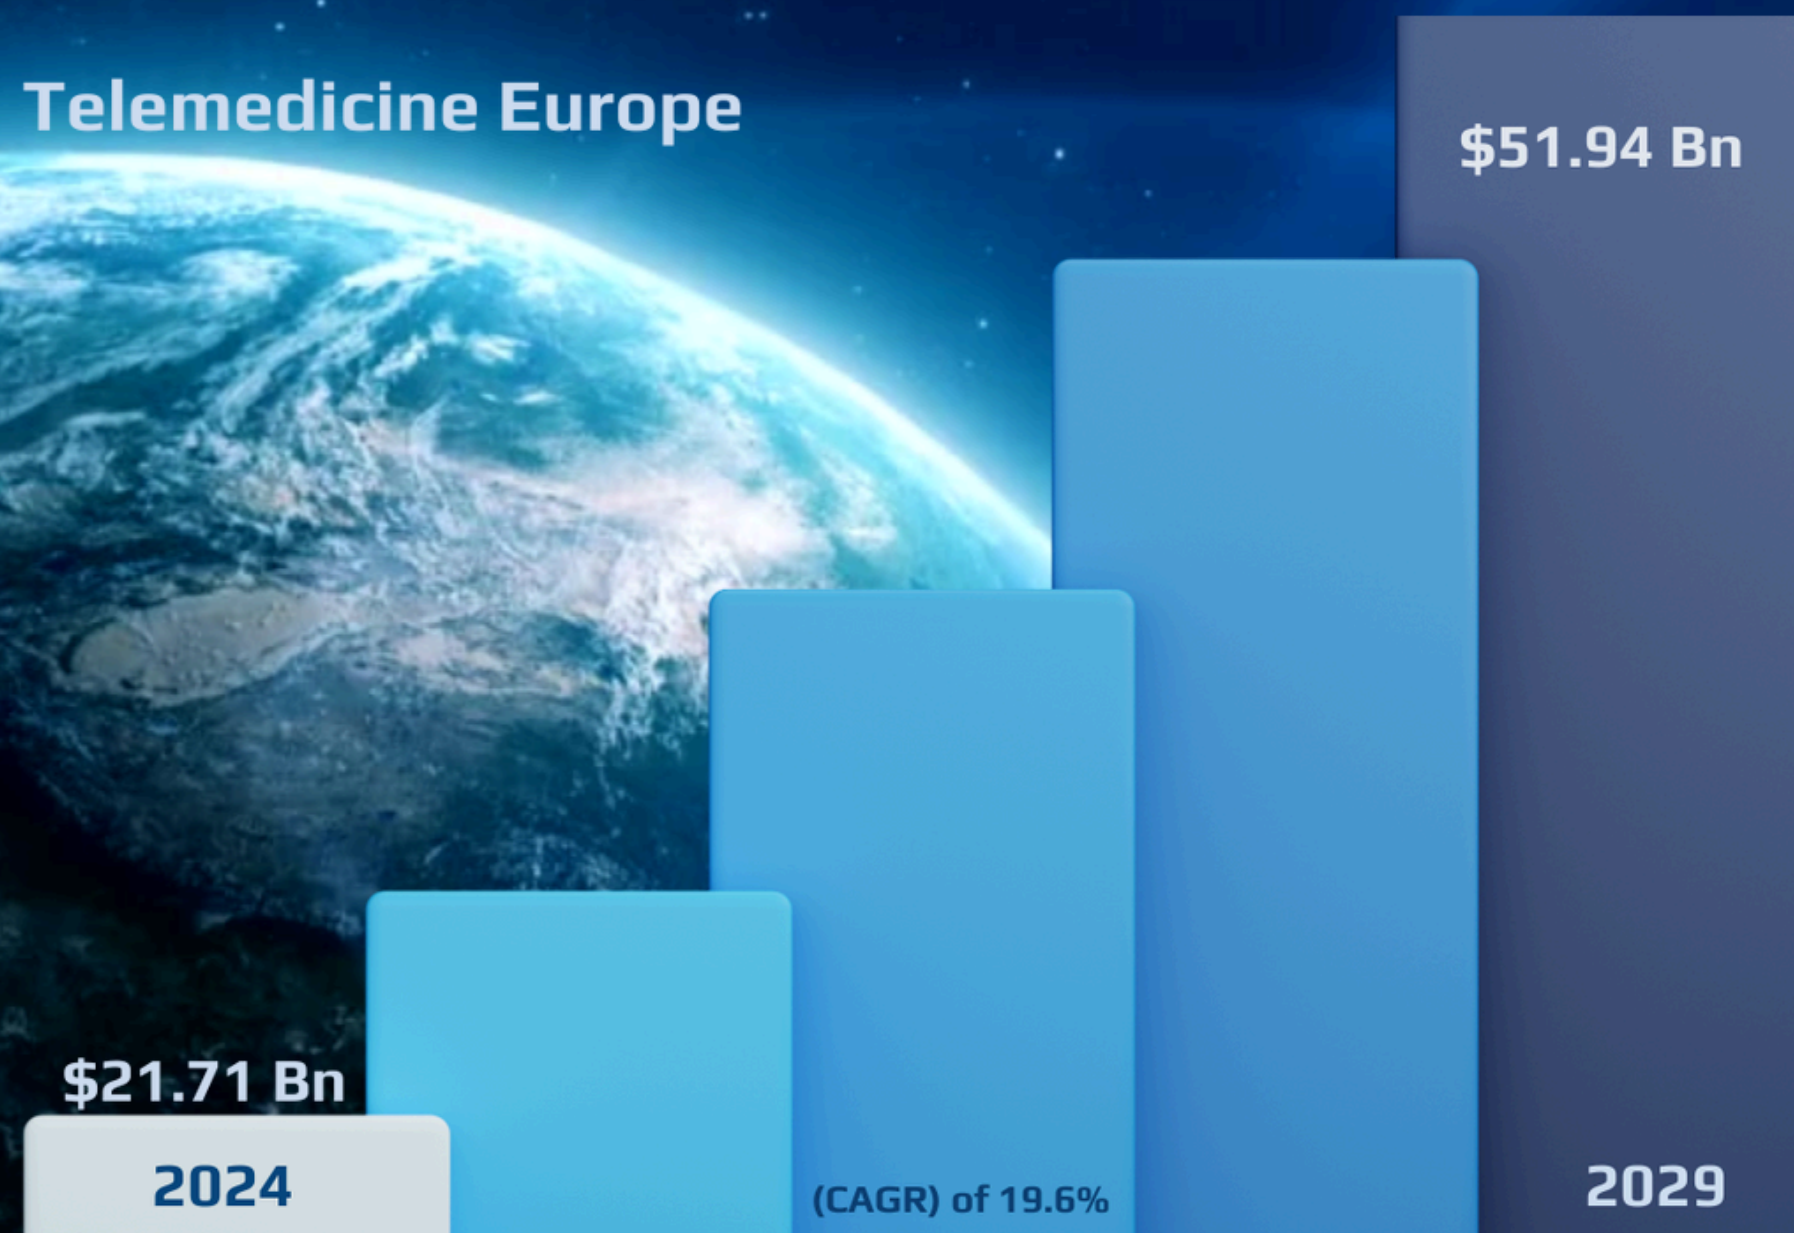

Telemedicine Europe

Drivers

- Increasing adoption of digital health technologies
- Growing demand for remote patient monitoring
- Government initiatives supporting telemedicine
- Rising prevalence of chronic diseases

Market Growth

The European telemedicine market is projected to grow from **\$21.71 billion** in **2023** to **\$51.94 billion** by **2029**, with a compound annual growth rate (CAGR) of 19.6% from 2024 to 2029. It is anticipated to hold the second-largest share in the global market.

Global Expansion Strategy

By leveraging our existing partnerships and cutting-edge technology, we aim to scale rapidly in this growing market, establishing DQA as a worldwide leader in holistic healthcare.

MARKET

Global Market Forecast

The worldwide **Medical Cannabis** market is anticipated to reach **\$24.87 billion** in **2024** and is projected to grow to **\$69.75 billion** by **2029**, with a strong CAGR of 22.9% during this period.

Demo: [A Partnership for Wellness](#)

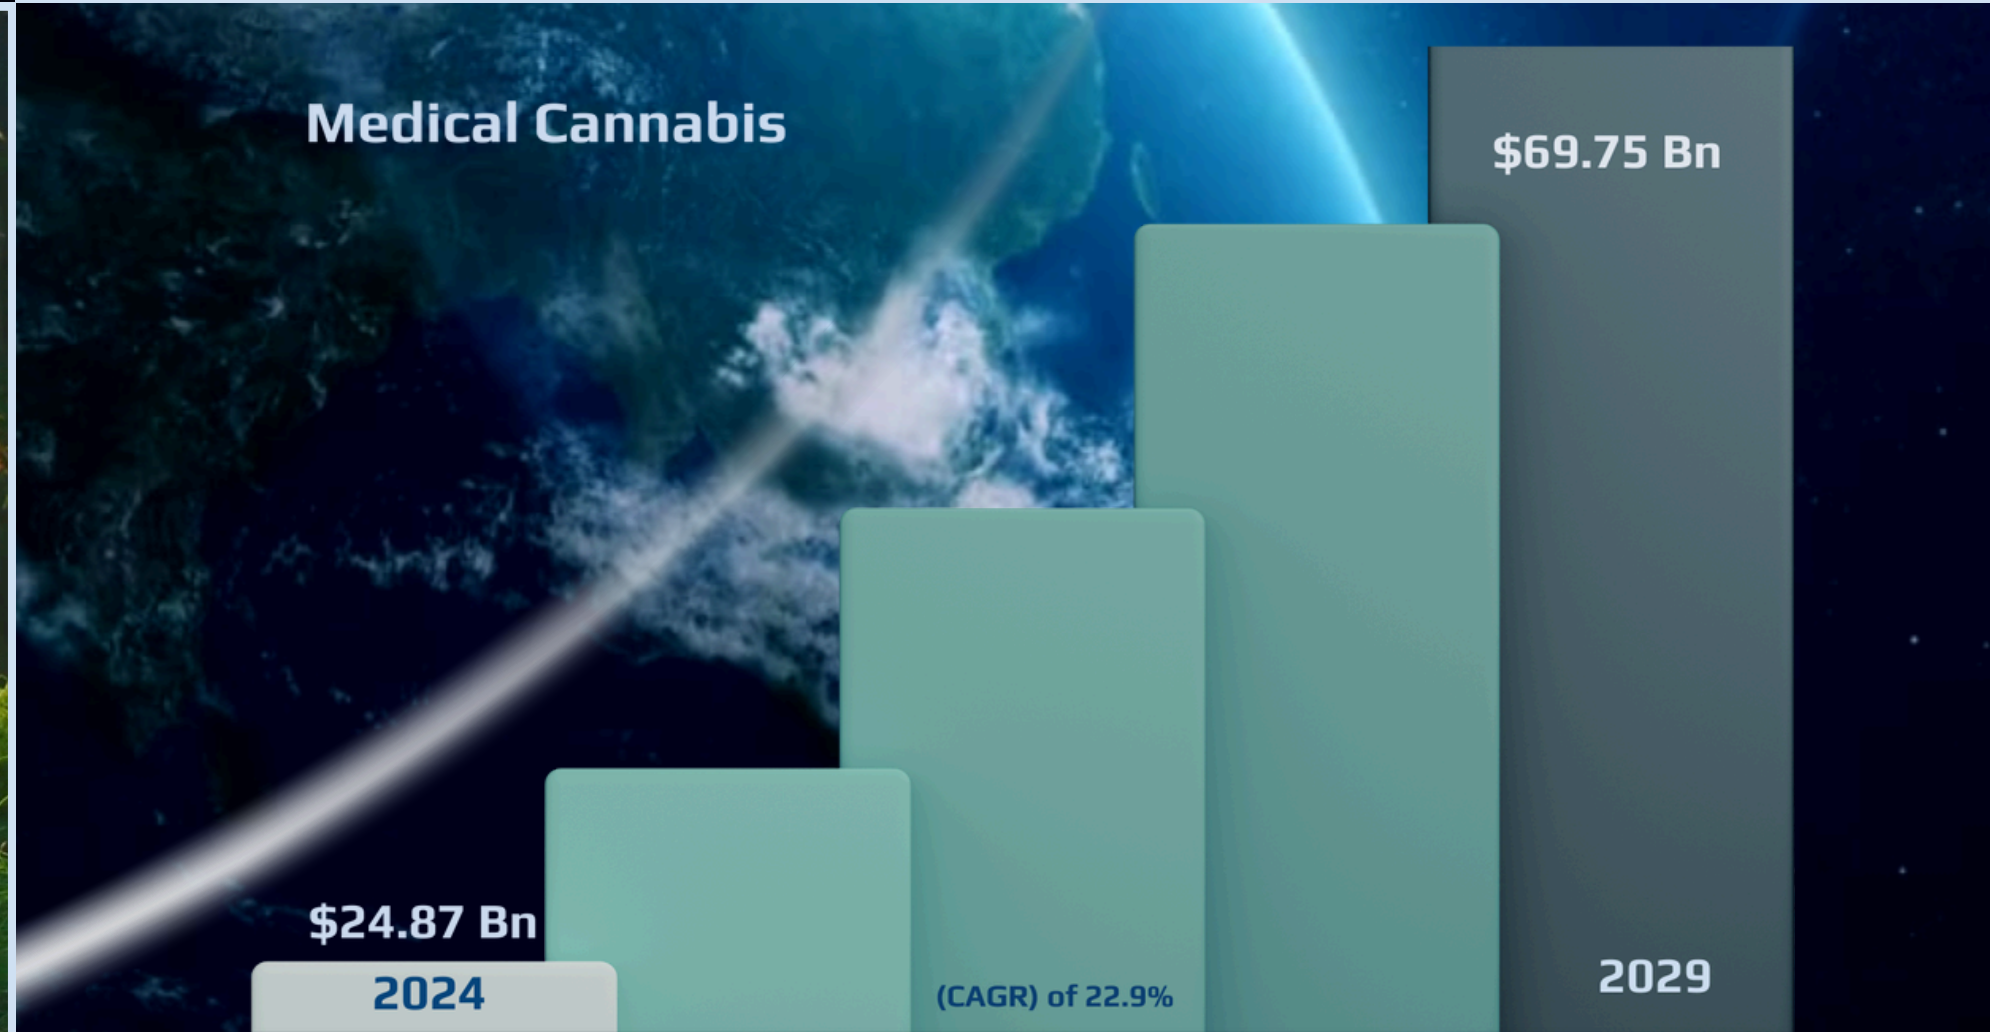

DQA's Specialized Expertise

Our leadership team includes Master Growers and oil extraction specialists with deep connections to the California and U.S. cannabis markets.

Innovative Healthcare Delivery

At the forefront of our expansion is the Medical Cannabis Holistic Center, **MCHC.io**, a groundbreaking project that revolutionizes healthcare through a unique blend of holistic practices and cutting-edge technology.

MARKET

Strategic Expansion

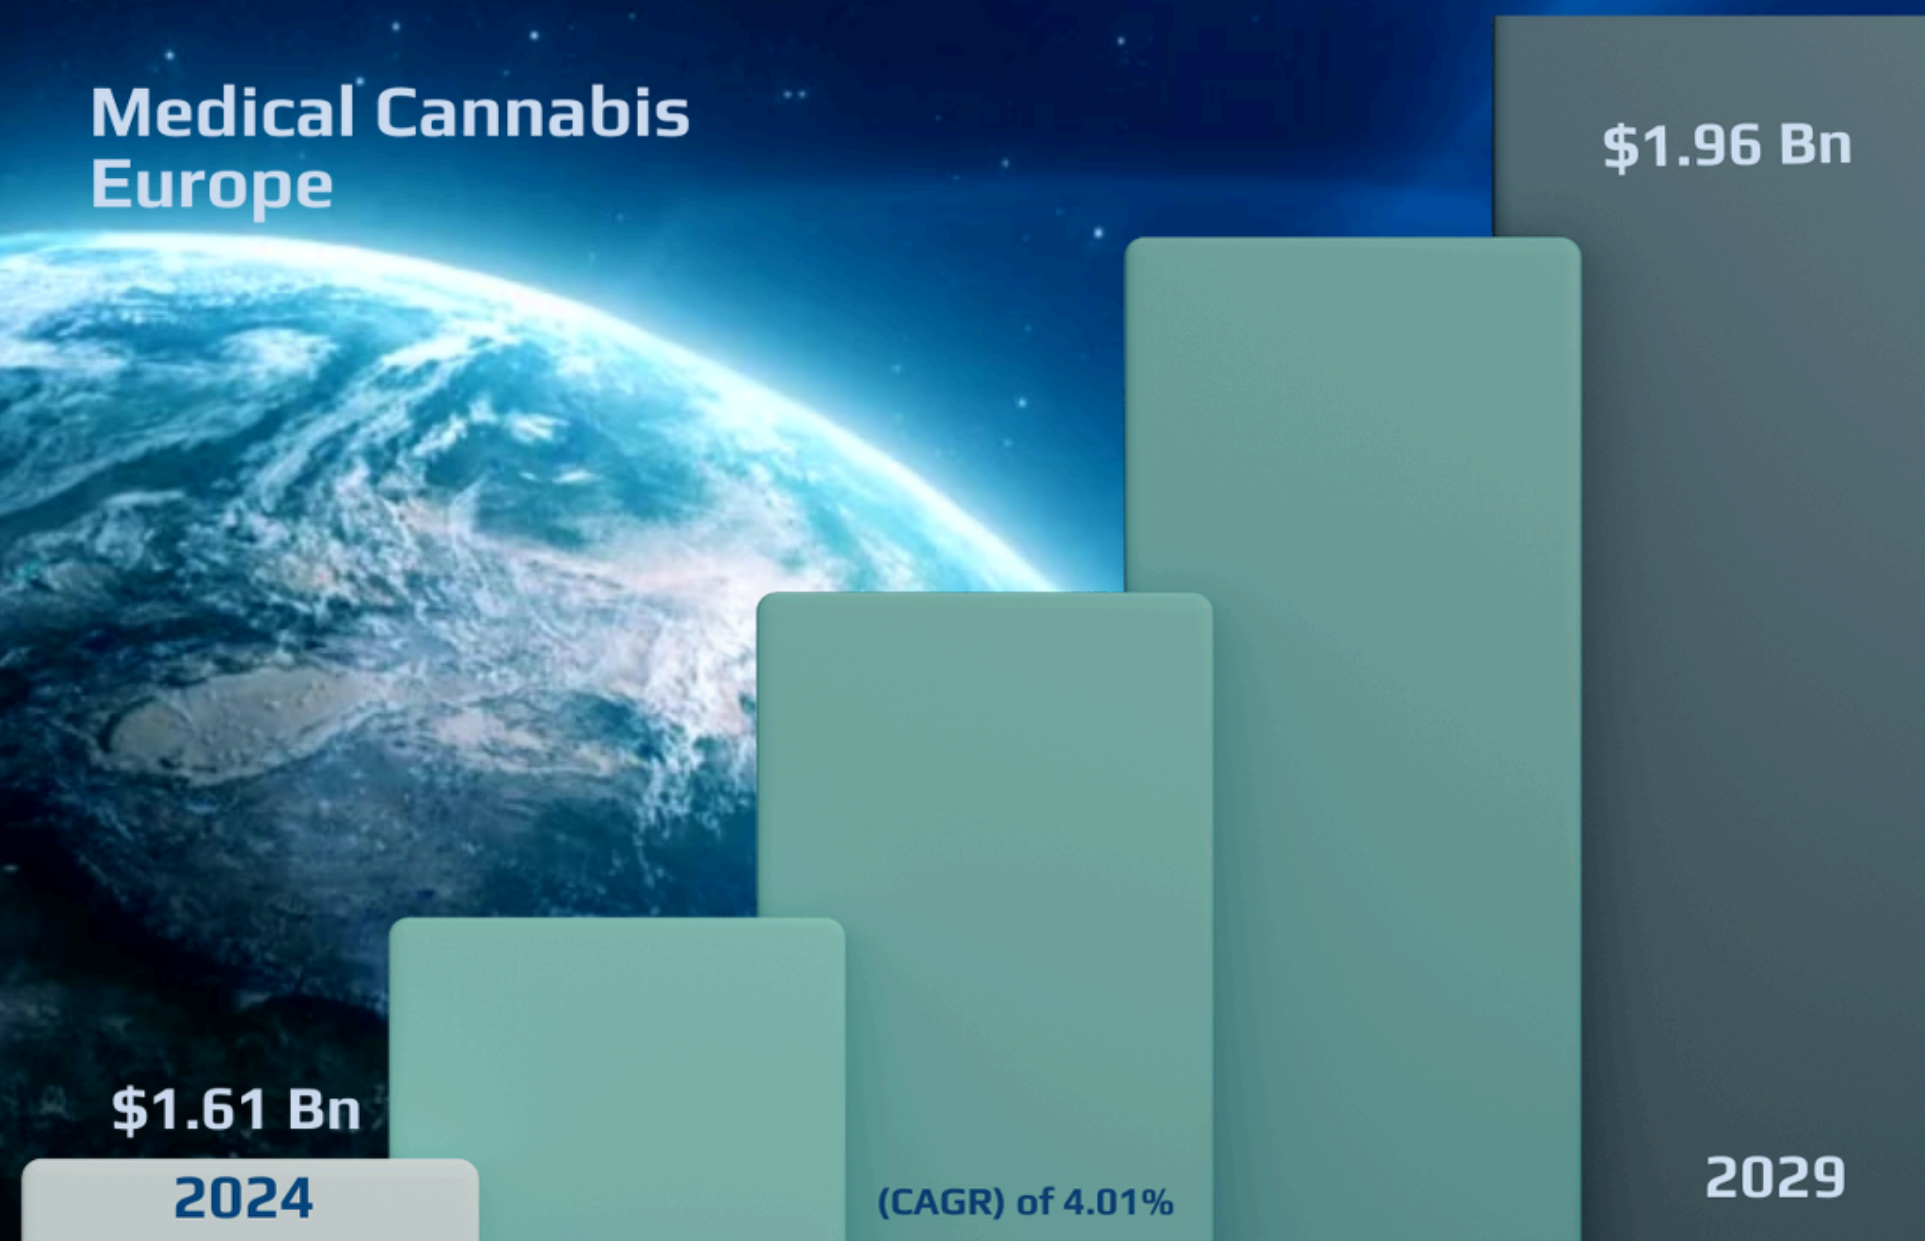

We aim to significantly grow our presence in both European and global markets, leveraging our strong partnerships in Western Europe as a foundation for this expansion.

Market Growth

The medical cannabis market in Europe is projected to reach **\$1.61 billion** by **2024**, with a Compound Annual Growth Rate (CAGR) of 4.01% from 2024 to 2029, leading to a market volume of **\$1.96 billion** by **2029**.

Once our **ICO** is successfully closed, DQA will be ready to lead Europe's medical cannabis expansion through blockchain innovation.

Medical Cannabis Europe

Global Positioning

By capitalizing on our established presence in **Germany** and the new Cannabis legalization laws, DQA is well-positioned for substantial growth in the expanding European market.

MARKET

Market Growth Opportunity

The global wellness tourism market, valued at **\$814.6 billion** in 2022, is projected to grow at a CAGR of 12.42% from 2023 to 2030.

Wellness Tourism

NFTs and the Future of Wellness Tourism

Extending Wellness Through Telemedicine

By offering remote consultations and follow-up care, our telemedicine services extend the wellness experience beyond the physical visit, providing continuous support and personalized care.

MED-TECH

Elevating MCHC.io with Softermii

We have strategically partnered with Softermii, a leader in custom software and app development, renowned for their expertise in healthcare IT and Med-Tech innovation.

This collaboration harnesses Softermii's strengths in technologies like WebRTC and video conferencing to enhance our telemedical platform, MCHC.io, driving superior user experiences and innovative healthcare solutions.

Their key competencies include audio and video conferencing, as well as NFT platform development.

Next-Level Development

With the success of our **ICO**, we are committed to elevating MCHC.io to the next level of operation. This includes advanced AI integration, enhanced data security, and expanded service offerings.

DQA-TECH

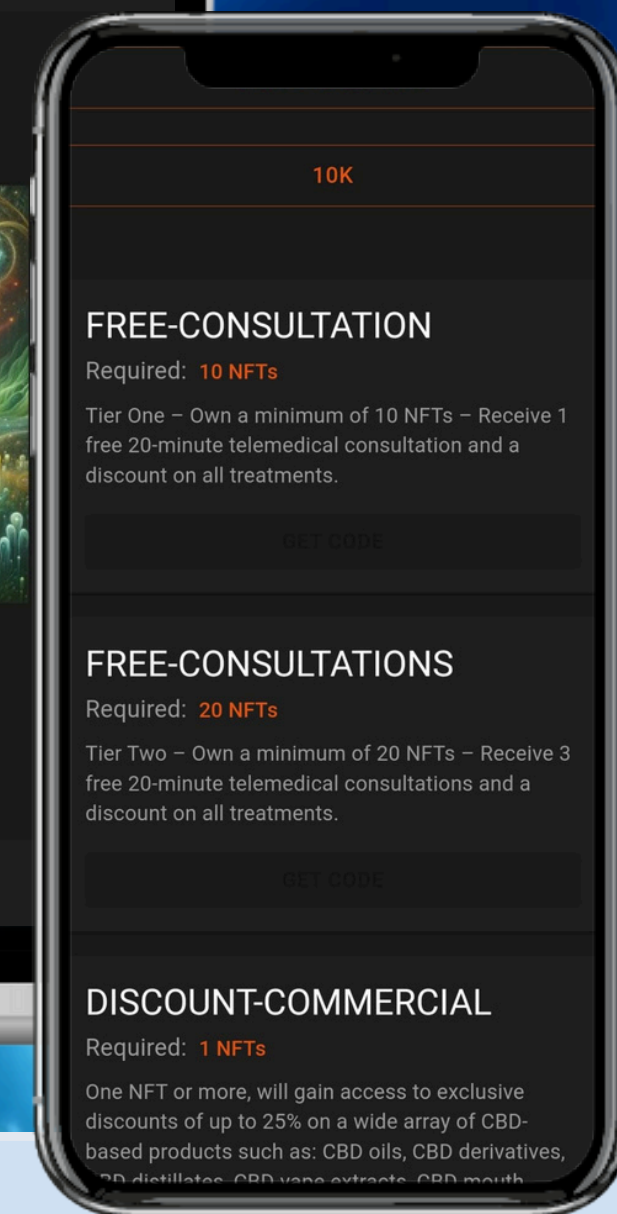

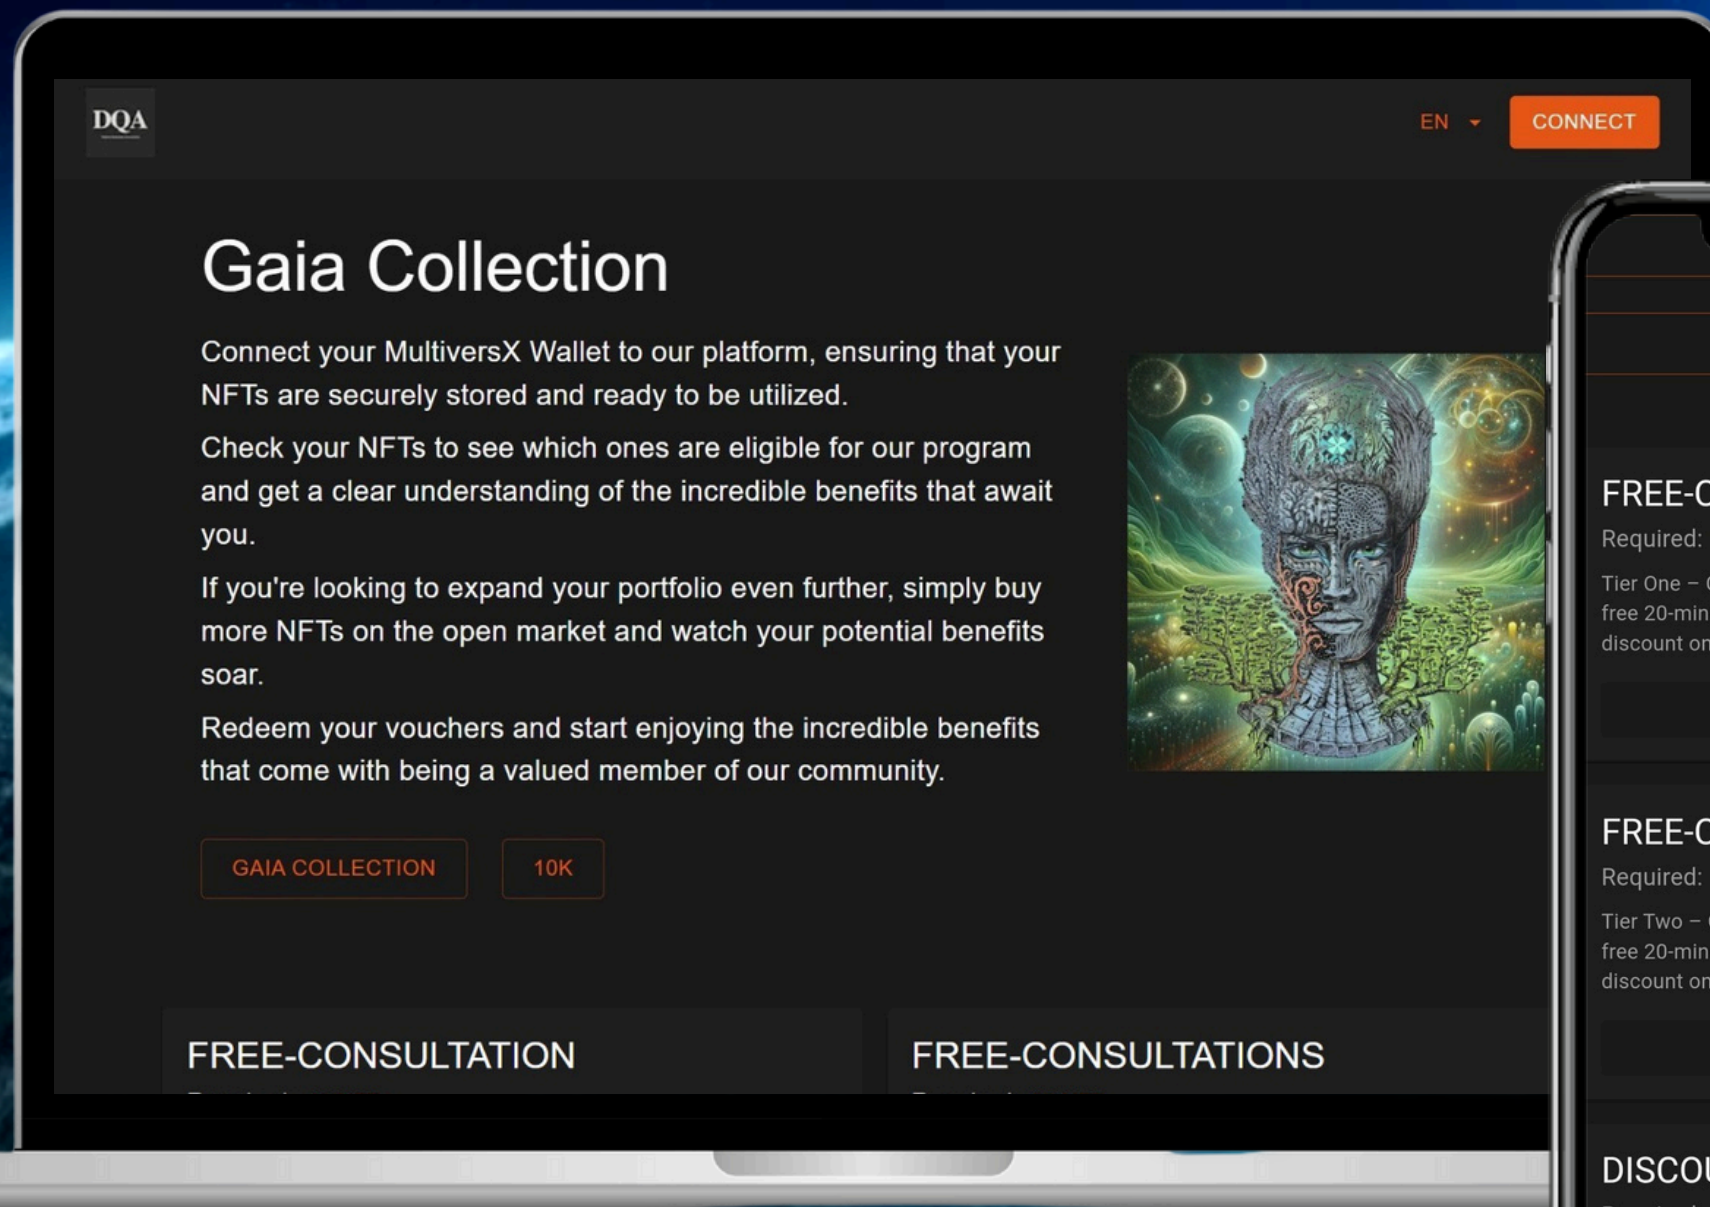

Innovative NFT Check System

At DQA, we've developed a proprietary NFT Check System that enables users to seamlessly manage their digital collectibles and unlock associated benefits.

This system offers a user-friendly platform to log in, view, and track NFT collections and spending, ensuring a comprehensive and streamlined experience.

Our streamlined process allows you to quickly unlock the exclusive perks associated with your DQA NFT collections.

Please check our Video for a detailed demonstration.

Robust and Secure

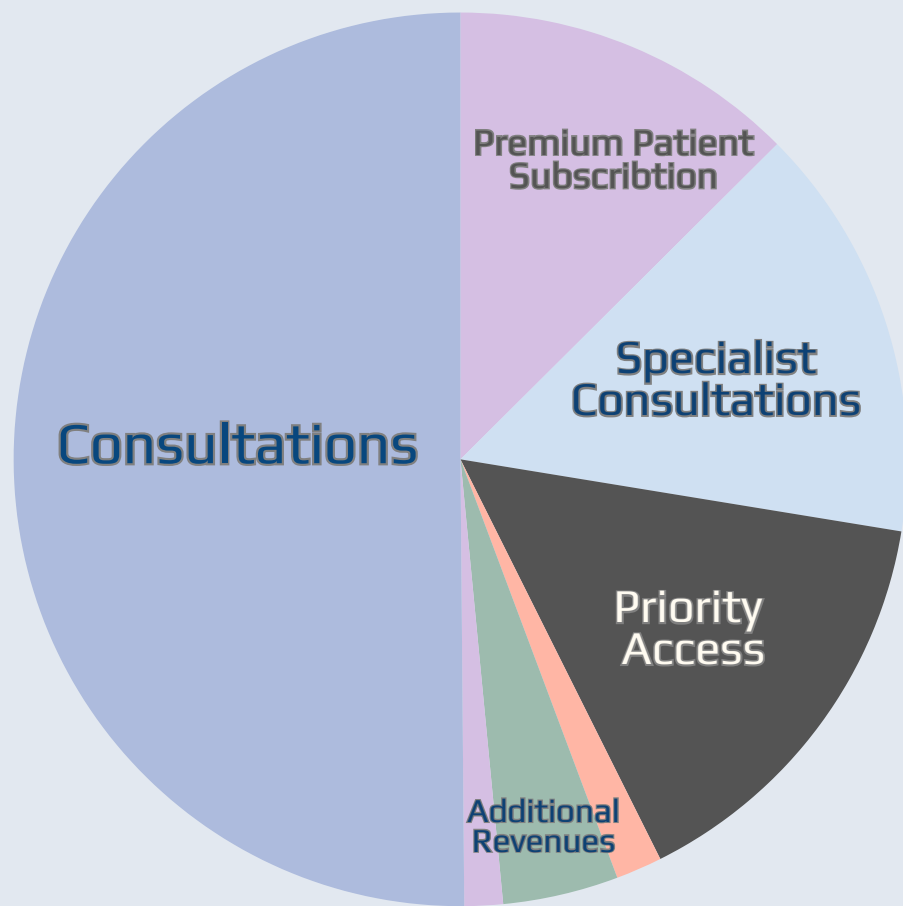

Our NFT Check System is fully developed, featuring secure login and account verification through blockchain-based signatures.

It integrates seamlessly with the MultiversX Blockchain platform and Xportal App, ensuring both security and ease of use.

TELEMEDICAL PLATFORM

MCHC
MEDICAL CANNABIS
HOLISTIC CENTER

WWW.MCHC.IO

Our members can now enjoy unparalleled perks, including free consultations and discounts on treatments, as we are **fully operational**.

The practice anticipates substantial revenue by conducting **7,200** consultations per quarter, showcasing the effective utilization of its **40 doctors** (worst case scenario).

[Demo: A Partnership for Wellness](#)

Breakeven Analysis

With 40 experts/doctors (in the worst-case scenario), **MCHC.io** is projected to break even at the beginning of Year 2. By the end of Year 2, the company is expected to achieve substantial profit.

Profitability

Assuming a successful 5-year growth trajectory and a favorable acquisition, DQA Group may be able to achieve a **3x** to **5x** return on the initial valuation. Please check the **ICO** slide.

Growth Potential

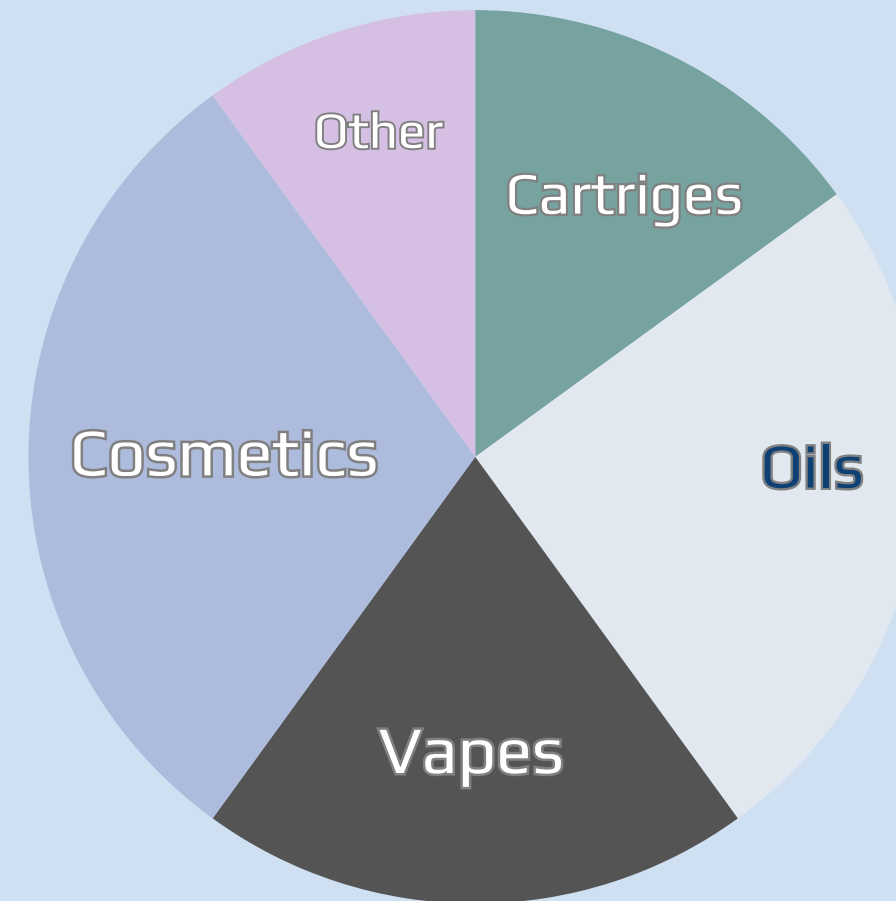

When the number of doctors reaches 100, a modest target in the broader healthcare market, our Telemedical platform is expected to experience rapid vertical ascension.

FINANCIAL STRATEGY

Growth Alignment

Our projections for NFTVapeLab align closely with those of MCHC.io, anticipating similar timelines for breaking even and achieving profitability. Both ventures are set to drive our strategic vision forward.

COMMERCIAL PLATFORM

We anticipate a 45% gross margin and a 35% net profit margin by the second year, now **fully operational**.

We project reaching our breakeven point within seven months after the release of our Minimum Viable Product (**MVP**), targeting the medical cannabis sector.
